- For rough terrain with frontwheel drive and big wheels. Electronic brake
- Maneuverable with dual rear wheels
- Lifting height 157.6 (center of yoke)
- Remote control for all hydraulic functions
- Waterproof according to ip65

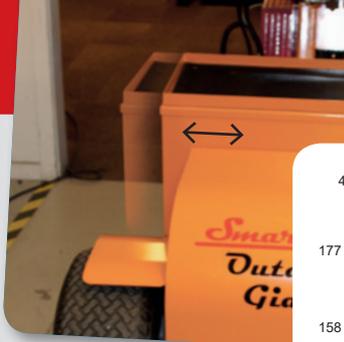

*The Smartlift is  
easily transported  
in a van or on  
a trailer*

# Smart lift

The multifunctional, hydraulic rotary head

The Smartlift has side shift for exact adjustment of the window

The Smartlift has hydraulic movements in all directions

Remote control for all hydraulic functions

## Technical data

Description	Value
Total weight	2867 Lb
Total height	61.1 in
Total width (min)	39.8 in
Total length (min)	111.1 in
Telescoping of arm	2 x 32.7 in
Speed regulation	Stepless high/low
Side shift	3.9 in
Vacuum system	2 circuits
Lifting height, ceiling installation	173.4 in
Charging voltage	115 volt
Integrated charger	
Charging time 25-100%	Approx 10 hours
Batteries (4 x 12 v) 24 volt	4 x 134 Ah
Running period	Approx 8 hours
Frontwheel drive	2.68 hp
Brake	Electric
Suctions pads	4 x Ø 15,75 in and 2 x Ø 11,8 in
Automatic suction	2 vacuum pumps
Lifting capacity, telescopic arm in/extended	1819 lb/595.4 lb
